THE

Roberson Arnold Bee Hive

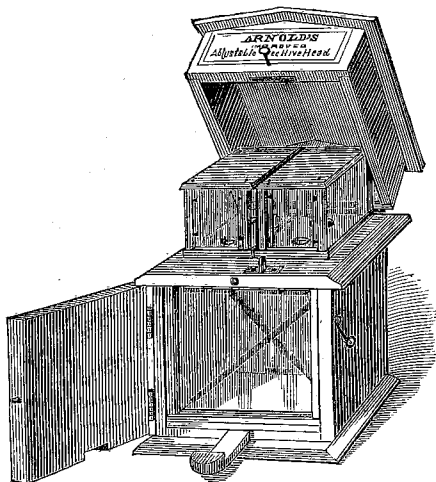

Manufacturing Company.

W. P. MOORE, President, Suffolk, Va.

ROBERSON ARNOLD, Superintendent.

W. W. WING, General Agent, Suffolk, Va.

Patented

Sept. 12. 1871.

SUFFOLK, December 12, 1871.
I own a number of Arnold's Bee Hives, and I am satisfied from the general testimony of the public, that his Moth attachment is a desideratum long desired, and eminently calculated to accomplish the object contemplated.

JOHN R. KILBY.

SUFFOLK, January 15, 1872.
The Roberson Arnold improvement in Bee Hives is a great invention; just the thing needed by Bee raisers. Has given universal satisfaction, and will soon take precedence over all others; the Moth Trap attachment alone is worth the price of the Hive.

VIRGINIUS BRACEY.

The above is the only Bee Hive ever patented that gives any protection to the Bees, and is now offered to farmers and Bee raisers, as the best Hive used. They are very simple and easily constructed, and persons of ordinary information can make them.

RIGHTS FOR SALE,

BARBER,
UNDER ATLANTIC HOTEL, NORFOLK.**

I beg to inform my customers and the public generally, that I have removed from No. 47 Bank street, and have taken the

BARBER'S ROOM OF THE ATLANTIC HOTEL.

My room is neatly and elegantly furnished, and I have every facility for conducting my business in all its branches. This is, perhaps, the most convenient location in the city for gentlemen living in the western part.

No pains will be spared to please those who may favor me with their custom.

Special attention will be given to cleanliness, and all diseases of the kin will be strictly and scrupulously guarded against.

The patronage of the public is respectfully solicited.

**YOUNG and MIDDLE-AGED MEN, who desire a START IN LIFE,
should prepare themselves for Business Pursuits, by attending
